

In order to setup your MerchantWare Mobile Application to work with your device, we need your iPhone identifier. Here are 4 simple steps on how to send us this information:

1. Select the **Merchant Ware Mobile App**.

2. Select **Reference Guide** on the top of your iPhone

3. Scroll to the bottom of your iPhone and select **Request Device Setup By Email**.

4. An email with your iPhone identifier will automatically be generated. Add your Merchant ID Number and/or the name of your business to this email. Hit 'Send' to complete the process.
